

OPENER

Circle Left

Time was drifting, this rock had got to roll
So I hit the road and made my getaway
Allemande the corner, Dosado your own
Allemande Left - Weave the Ring
Kept on looking for a sign in the middle of the night
But I couldn't see the light, no I couldn't see the light
Kept on looking for a way to make it through the night
But I couldn't get it right

FIGURE

Heads Promenade Halfway

Square Thru 4
Right and Left Thru
Pass Thru - Trade By - Slide Thru
Square thru 3
Swing & Promenade
Kept on looking for a way to make it through the night
But I couldn't get it right

MIDDLE BREAK

Circle Left

Philly fever made me feel alright
but I miust admit it got the best of me
Allemande the corner, Dosado your own
Allemande Left - Weave the Ring
Kept on looking for a sign in the middle of the night
But I couldn't see the light, no I couldn't see the light
Kept on looking for a way to make it through the night
But I couldn't get it right

CLOSER

Circle Left

New York City it took me by the tie
And I nearly died from hospitality
Allemande the corner, Dosado your own
Allemande Left - Weave the Ring
Kept on looking for a sign in the middle of the night
But I couldn't see the light, no I couldn't see the light
Kept on looking for a way to make it through the night
But I couldn't get it right
