

Baby Blue (RYL) Jed Siegmann

OPENER

Grand Square

She looked so much like a lady,
But she was so much like a child.

A devil when you held her

An angel when she smiled.

Left Allemande and Weave the Ring

She always held it deep inside -But somehow I always knew

She's go away when the grass turned green

And the sky turned baby blue

FIGURE

Heads (Sides) Promenade 1/2

Pass the Ocean - Extend - Girls Trade - Girls Run

Tag the Line - Cloverleaf

Boys Square Thru to 3

Left Box the Gnat - Courtesy Turn

And then you all Promenade

She's go away when the grass turned green

And the sky turned baby blue.

MIDDLE BREAK - CLOSER

Grand Square

Baby Blue

Was the color of her eyes

Baby Blue

Like the Colorado skies

Left Allemande and Weave the Ring

Like a breath of spring, she came and left

And I still don't know why

So here's to you and whoever holds my baby blue tonight.
